2. The school system will not recognize any premium or incentive pay and no work shall be performed on an overtime basis or shift differential and no overtime pay or shift differential shall be included as a "job cost" unless the performance of such overtime or shift differential has been authorized by the issuance of an additional change order to the purchase order on a particular project or as agreed to in the submitted not-to-exceed price by the contractor or as required in the scope of work issued by the school system.
3. In the event an emergency exists which would require immediate overtime work, the school system's Contract Manager shall be verbally notified by the contractor immediately and if permission to perform this work is granted verbally, it shall be confirmed in writing by the school system within twenty-four (24) hours of such work with a change order amendment to be issued within one (1) week of such work.

V. TERMS AND CONDITIONS

A. CONTRACT

1. If this bid is accepted and awarded, it shall become the contract document that governs the administration of the contract. All portions of this bid, including the bid documents, the procurement specification, drawings, any addenda, amendments, modifications, or any other extraneous matter incorporated shall be applicable as a result of this invitation to bid.

B. CONTRACT PERIOD

1. Any resulting contract(s) shall commence upon award. The Contract(s) is to be for one (1) year with the option to renew for five (5) additional one-year periods at the sole option of the school system pending successful performance and availability of funding.

C. CONTRACT MANAGER

1. The Howard County Public School System's Contract Manager shall be responsible for the day-to-day administration of the contract upon award by the Howard County Public School System. The HCPSS Contract Managers contact information will be made available upon award. All communications on projects are to be directed to the Contract Manager only. No instructions, directions, and information are to be given to the contractor by any other HCPSS personnel. Any change order work shall not proceed until a change order to the purchase order has been issued by the purchasing office confirming this additional work and the applicable additional cost.

D. TERMINATION FOR DEFAULT

1. When the contractor has not performed or has unsatisfactorily performed the contract, payment shall be withheld at the discretion of The Howard County Public School System. Failure on the part of the contractor to fulfill contractual obligations shall be considered just cause for termination of the contract and the contractor is not entitled to recover any costs incurred by the contractor up to the date of termination. Notification shall be in writing and shall be issued 30 days prior to termination date. In the event of default of contract The Howard County Public School System may procure services from other sources. The contractor found in default will be held responsible for all costs incurred.

E. TERMINATION FOR CONVENIENCE

1. The Howard County Public School System may terminate this contract, in whole or in part, without showing just cause upon giving written notice to the contractor. The Howard County Public School System shall pay all reasonable costs associated with termination of the contract. However, the contractor shall not be reimbursed for any anticipatory profits which have not been earned up to the date of termination.

F. PRICE ADJUSTMENTS

1. The Howard County Public School System will only consider adjustments on labor rates based only upon federal minimum wage increases and decreases in the Consumer Price Index (CPI-W), Baltimore Region, as published by the Bureau of Labor Standards. Requested increases above a 10% cap will not be considered. In order to receive consideration for a price increase, the contractor must submit to The Howard County Public School System, sixty (60) days prior to the contract expiration date, a statement of any change in the hourly rate wage actually to be paid to its employees during the renewal term. Adjustments will be calculated by comparing the current index with the previous year's index so as to determine the change in index points. The point change will then be divided by the price index to obtain the percentage of change. The percentage of change will then be multiplied by .75 to obtain the adjustment to be applied to the current prices.
2. The Howard County Public School System will also consider adjustments based on fees outside of the control of the contractor, such as manufacturer price increases. However, such increases will be a "pass through" to the Howard County Public School System with no mark-up allowed. For such changes to be

considered by the Howard County Public School System, documentation from the manufacturer (or any other applicable party) assessing a cost increase must accompany a written request from the contractor.

3. The Howard County Public School System will then review the request and advise the contractor of approval or disapproval of the price change request.
4. Price increase requests will not be considered if not accompanied with the proper information.

G. LIQUIDATED DAMAGES

1. Liquidated damages shall be assessed at the rate of five hundred dollars **(\$500.00)** per calendar day beyond the completion date indicated in the scope of work for each project and/or listed on the purchase order for work not 100% complete.
2. The contractor agrees that the sum specified for liquidated damages for delay by the contractor is not a penalty and is liquidated damages, that the damages resulting to the owner for delay in completion by the contractor are difficult of ascertainment and that the amount specified is not grossly excessive and it is not out of proportion to the damages that might readily be expected to result from delay caused by the contractor. Excluded from the liquidated damage provision, however, are any damages for loss of use of any facility of the owner that arises from a delay and the owner expressly reserves the right to claim damages for such loss of use. The contractor agrees that it has freely bid on this contract with the full and complete knowledge of the provisions for liquidated damages and waives all objections to such provisions as a penalty.
