

Five Tips for Supporting Gifted and Talented Education in Howard County

1. Schedule a time to meet with the G/T Resource Teacher to learn more about the program at your child's school.
2. Attend G/T Parent Academies and other G/T programs to learn more about the countywide program and the field of gifted education. Encourage your friends and neighbors to join you.
3. Develop a relationship with the school administrator with respect to the G/T Education Program. Communicate, possibly in writing, the importance of addressing the needs of advanced-level learners.
4. Attend PTA meetings and other school-based parent meetings. Share questions raised with the school's G/T Resource Teacher.
5. Get involved! Offer your support for G/T Education Program offerings, including events and competitions.
