

I. Policy Statement

The Board of Education of Howard County is committed to establishing a system of public schools that educate the students of Howard County and promote the general welfare of Howard County residents. The Board recognizes the need to regulate and manage student eligibility, residency, enrollment, and assignment in prekindergarten through grade 12.

II. Purpose

The purpose of this policy is to establish procedures for determining eligibility to attend school in the Howard County Public School System (HCPSS), for admitting/enrolling students in schools, and for reassigning students.

Within the context of this policy, the following definitions apply:

- A. Assigned School – The school that a student physically attends.
- B. Bona Fide Residence – The person’s actual residence maintained in good faith. Caregiver for Non-Maryland Resident Student – A living arrangement in which a relative of a child, whose parent is not a resident of Maryland and who is not in the care, custody, or guardianship of the local department of social services, provides for the care and custody of the child due to a serious family hardship, and is a bona fide resident of Howard County.

 6. Foster Parent – An adult approved to care for a child who has been placed in their home by a state agency or a licensed child placement agency as provided by the Family Law Article, §5-507.

IV. Standards

- A. In order to enroll in the Howard County Public School System (HCPSS), students and/or parents must meet all legal standards related to age, immunization, authority to make educational decisions, residency, and immigrant status. Exceptions are made for homeless students. (See Policy 9300 Homeless Children and Youth).
- B. The state has mandated school attendance for students of a prescribed age, and has defined minimum and maximum age eligibility for education services from local public school systems. These mandates and requirements include:

1. Prekindergarten is available for and limited to children who meet eligibility requirements established by the state, with first priority given to families who meet income-eligibility criteria.
 2. Kindergarten is mandatory in Maryland for children reaching the compulsory attendance age established by the state.
 3. Parents may request deferred admission of children to kindergarten.
 4. Parents may request early admission of children to prekindergarten, kindergarten, or first grade one year earlier than the state's age requirements if their child's birthday falls within six weeks of the deadline established by the state. (See assessment procedures in the Implementation Procedures III.D.)
 5. Students may not begin a school year if they are 21 years of age or older.
- C. All children must have the required immunizations in order to attend school. A limited number of exceptions may apply.
- D. A school-aged student meeting any of the following conditions will be considered a resident student and will be admitted to the HCPSS without the payment of tuition except as noted elsewhere:
1. A student whose parent(s) has/have established bona fide residence in Howard County.
 2. A student whose parents live apart and the parent to whom custody is awarded by the court has established bona fide residence in Howard County.
 3. A student whose parents live apart and are provided joint or shared custody by a court and one of whom has established a bona fide residence in Howard County.
 4. An emancipated student who has established an independent bona fide residence in Howard County.
 5. A student with a court-appointed guardian who has established bona fide residence in Howard County.
 6. A student whose parent(s) has/have established bona fide residence in Howard County, and who has been placed in a foster or group home in Howard County by a licensed private, county, or state child placement agency. Residence for purposes of admission and assignment is the address of the foster or group home.
- E. Admission may be denied to students in the following circumstances:
1. The student does not meet age, eligibility, residency, or enrollment requirements.

2. The student is currently expelled or suspended from another school system in accordance with the Annotated Code of Maryland, Education Article, Section 7-305(e)(5).
 3. The student is an international student and:
 - a. Has a F-1 (student) visa status or,
 - b. Discloses B-1 (temporary visitor for business) or B-2 (temporary visitor for pleasure) status.
 4. The student has already earned a diploma in another school district, state, or country.
- F. A school-aged student who does not qualify as a resident student under the provisions of IV.D. is considered a nonresident student. Nonresident students will be admitted to the HCPSS only under the following circumstances. In some cases, payment of tuition may be required.
1. A nonresident student whose parents are in the process of establishing bona fide residence in Howard County and have presented a contract to build, buy, or lease a home may be admitted to the HCPSS. During this time the student may attend school for up to 90 calendar days tuition free. After 90 calendar days parents must apply for an extension.
 - a. If the extension is granted, tuition will be assessed beginning on the first day of the extension.
 - b. If the extension is not granted, the student will be required to attend school in the district of current residence.
 2. A student who becomes a nonresident, because the parent(s) with whom the student resides move out of Howard County during the school year, may complete the current school year at the school in which the student is enrolled. Tuition may be assessed based on the following:
 - a. If the student becomes a nonresident prior to the fourth marking period, the student will be allowed to remain for the duration of that school year only and tuition will be assessed.
 - b. If the student becomes a nonresident during the fourth marking period, the student may attend for the rest of that school year tuition free.
 - c. For a student who becomes a nonresident after achieving Junior status, the student will be allowed to remain at the student's current school through graduation upon payment of tuition.

A student will retain eligibility for extracurricular activities, including interscholastic athletics. Parents will provide transportation.

3. A nonresident student who is placed in a foster or group home in Howard County by a licensed private, county, or state child placement agency will be admitted to the HCPSS subject to reimbursement to Howard County of the applicable tuition by the school system of origin.
 4. A nonresident student living with caregiver(s) due to documented hardship (see Implementation Procedures II.B) may be admitted to the HCPSS and have tuition waived by satisfying one of the following conditions:
 - a. Informal kinship care.
 - b. Caregiver for Non-Maryland Resident Student.
 5. An international student holding a J-1 visa who comes for one year of study through an approved exchange program and who resides with a host family with established bona fide residence in Howard County may be admitted, and tuition is waived.
 - a. Each high school may enroll up to five such students each year.
 - b. Residence for purposes of admission and assignment is the address of the host family.
 - c. A student whose host family assignment changes during the school year must be transferred to the school serving the new host family's residence.
 6. A nonresident student whose parent is a full-time, school-based HCPSS employee may be admitted to the HCPSS and enrolled in the school to which the parent is assigned, upon payment of tuition. If the employee leaves full-time employment, the nonresident student may complete the current school year only.
- G. Students who are determined to be homeless by the Office of Pupil Personnel, under the provisions of the McKinney-Vento Act, will be immediately enrolled in the HCPSS (see Policy 9300 Homeless Children and Youth).
- H. Tuition rates will be determined annually and approved by the Board.
1. Tuition is effective from a non-resident student's first day of attendance or the date upon which a student no longer resides in the county.
 2. Tuition is payable in advance. Requests for tuition waivers or for revised payment schedules based on financial hardship may be submitted to the

Superintendent/Designee, along with supporting documentation. Financial accommodations will be provided only during the period the financial hardships are shown to exist. Eligibility status is subject to review.

- I. All schools will have designated school attendance areas determined by the Board. A student attending a public school in Howard County is initially assigned to a school serving the school attendance area in which the parents have bona fide residence. Students are required to attend designated schools unless reassignment is granted or administrative placement occurs.
- J. A resident student may be reassigned from the student's designated school. Reassignments are subject to the conditions outlined in Standard K.
 1. A student who has a change of bona fide residence within the county during the school year may complete the current school year at the school in which the student is enrolled. The student must enroll for the next school year in the newly designated school. An exception will be made for a student who has a change of residence after achieving Junior status. The student will be allowed to remain at the student's current school through graduation. A student reassigned under this standard will retain eligibility for extracurricular activities, including interscholastic athletics.
 2. A resident student whose parents have presented a contract to build, buy, or lease a home in a different school attendance area than that of the student's designated school may request reassignment to a school in the projected attendance area. If the student is not in the projected home within 90 calendar days of the student's attendance, an extension may be granted by the Superintendent/Designee. If there are no approved extensions, the student will be returned to the original designated school.
 3. A resident student who is the child of a full-time, school-based HCPSS employee may be enrolled in the school to which the parent is assigned.
 4. In rare circumstances, the Superintendent/Designee, in consultation with school-based administrators, may grant parent requests for individual exceptions to the student reassignment standards based on documented unique hardship situations. Eligibility for extracurricular activities, including interscholastic athletics, and provision of transportation for students reassigned under this standard will be determined by the Superintendent/Designee.
 5. Reassignment will not be granted for the following reasons:
 - a. The need for a particular schedule or class.
 - b. Requests for siblings to remain enrolled at the same school.

- c. Addressing the impact of redistricting decisions.
 - d. Accommodating day care arrangements.
- K. General conditions related to student reassignments are required by the HCPSS.
 - 1. Parents initiating a request for reassignment will agree, in writing, to register the student for the complete school year, or the remainder of the school year, in the school for which the application is made.
 - 2. A student who is reassigned to a school need not reapply for reassignment for that same school on a yearly basis except as noted elsewhere. However, reassignment decisions will be subject to annual review.
 - 3. Parents will agree to provide transportation.
 - 4. While an application for reassignment is pending, an applicant will remain in attendance at the student's designated school.
 - 5. When a student is reassigned because of unique hardship situations, the student will be reassigned to a school that is under capacity unless there are no under capacity schools in geographic proximity to the designated school. The Superintendent/Designee may make exceptions on a case by case basis.
 - 6. Student eligibility for participation in extracurricular activities is subject to Policy 9070 Academic Eligibility for High School Extracurricular Activities.
 - 7. A student who is reassigned at the request of parents, and who does not meet expectations described in the HCPSS Student Code of Conduct (including, but not limited to attending regularly, showing academic commitment, and following behavioral expectations), may be returned to the student's designated school at any time during the school year. Such decisions are made by the current principals after due consideration and proper notification to the student, parents, the principal of the designated school, and the appropriate Administrative Director.
- L. Open School Designation

The Board may identify schools that, because they have available space, are open to enrollment by a student not living in the schools' attendance areas. Parents may request a student's reassignment to an open school according to established procedures. The request is subject to approval by the Superintendent/Designee. A student reassigned under this standard will be eligible for extracurricular activities, except the student will not be eligible for participation in interscholastic athletics for a period of one year effective the date of transfer. Transportation will be provided by the parent.

- M. Decisions of the Superintendent/Designee with regard to enrollment and assignment may be appealed to the Board if the appeal is received in writing within 30 calendar days of the date of written notification of the decision.
- N. A resident student may be administratively placed in a school/program for any of the reasons listed below. Administrative placements are permanent, subject to the review of the Superintendent/Designee. Decisions regarding transportation and student participation in extracurricular activities rest with the Superintendent/Designee.
1. The Superintendent/Designee may administratively place a student in a school other than the assigned/designated school as part of a disciplinary consequence.
 2. The Superintendent/Designee may administratively place a student in a school other than the assigned/designated school when there is a safety concern for the student, other students, and/or school system personnel.
 3. Placement of a student receiving special education services in a school other than the assigned/designated school is determined by the Individualized Education Program (IEP) Team. A student placed in a school under this standard will be eligible for extracurricular activities, including interscholastic athletics in the assigned school.
 4. Placement of a student who receives ESOL services must be implemented in accordance with entrance/exit guidelines for specific programs, such as the high school ESOL Newcomer Centers or the Regional ESOL centers. A student placed under this standard will be eligible for extracurricular activities, including interscholastic athletics.
 5. Placement of a student in the Teenage Parenting and Childcare Program will be implemented in accordance with entrance and exit guidelines for that program. A student placed in the Teenage Parenting and Childcare Program will be eligible for extracurricular activities, including interscholastic athletics.
 6. Parents may request administrative placement of a student into the Junior Reserve Officers' Training Corps (JROTC) and decisions will be made by the Superintendent/Designee. A student assigned to a JROTC program will be eligible for extracurricular activities, including interscholastic athletics. Regardless of grade level, a student will be immediately returned to his/her designated school if withdrawing or removed from the JROTC program.
 7. Prekindergarten programs, available to eligible students from any attendance area, are only located at selected school sites. A prekindergarten student will attend the school to which the student is assigned. The student will attend kindergarten in the student's regularly designated school regardless of where the student attended prekindergarten.

V. Responsibilities

- A. The Board will establish tuition rates annually.
- B. The Superintendent/Designee will ensure that procedures related to enrollment and school assignment are published annually to staff, parents, and the community.
- C. The Finance Office will bill responsible parties and collect tuition payments.
- D. Pupil Personnel Workers and the Coordinator of School Security will investigate the residency or custody status of students seeking to meet enrollment requirements, determining whether circumstances exist which constitute hardship where appropriate, and reporting findings to school and central office staff for appropriate action.
- E. School-based staff and Pupil Personnel Workers will ensure that students assigned to their school are properly enrolled.
- F. Parents or emancipated students are responsible for providing documentation required for enrollment in the HCPSS.

VI. Delegation of Authority

The Superintendent is authorized to develop procedures to implement this policy.

- b. In cases of separation or divorce, when primary physical custody has been awarded, documents regarding the bona fide residence must reflect that of the parent with primary physical custody unless a modification of the custody order is provided. Court orders and notarized parent statements can be used as proof of the modification of a custody agreement.
 - c. If parents who are separated or divorced have joint legal custody with no primary custody designated, documents regarding the bona fide residence must reflect that of the parent with whom the student lives regularly.
 - d. Parent name(s) on proof of identity document(s) must be consistent with the name(s) on document(s) providing proof of custody.

If a home was just purchased and no deed is available, signed settlement

- papers may be submitted. Within 30 days of enrollment, the parent must submit a deed or a deed of trust with all required signatures.
- b. Renters must provide an original, current lease with all required signatures, along with a gas and electric bill, or water and sewer bill issued within the previous 45 days of registration. If utilities are included in the rent payments, as stipulated in the rental agreement, a television service bill or bill for a landline telephone issued within the previous 45 days of registration may be substituted.
 - c. Shared housing – See Multiple Family Determination (section II.C.).
- B. The full registration process only needs to be completed once when enrolling in the HCPSS, not when students change schools or levels. However, proof of residency must be submitted if a student changes schools within the HCPSS due to a residency change or if there is cause to suspect that a change in residency has occurred.
- C. The International Student Registration Center (ISRC) will support registration processes when:
- 1. Parents need language support and there is no liaison that speaks the parent’s language to assist with registration at the school.

- E. Pupil Personnel Workers will investigate suspected fraudulent residency or custody documentation. If documents used to establish enrollment are determined to be fraudulent, the school principal/designee will notify the parent in writing of the intent to withdraw the child(ren).
- F. Appeals of decisions to withdraw students based on fraudulent residency or custody documents may be addressed to the Superintendent/Designee. Appeals must be filed within ten (10) school days of the date of the letter notifying the parent(s) of withdrawal. Students may remain in their current school pending a decision of the appeal.

- G. If a student is in state supervised care (including foster care), enrollment procedures are governed by COMAR 13A.08.07. Students in state supervised care will be enrolled by the assigned Pupil Personnel Worker.

II. Enrollment Responsibilities of Pupil Personnel Workers

A. Investigation

At the request of a school administrator, the Office of Pupil Personnel will investigate the residency or custody status when a student seeks to meet enrollment or eligibility requirements or when there is cause to suspect an unreported change in residency, and will report the findings. The Office of Pupil Personnel may utilize the services of the Coordinator of Security for record searches, investigative follow-up, or other actions necessary to residency investigations.

B. Hardship

When seeking enrollment for a student under the hardship provisions described below, the parent or potential caregiver may be required to provide documented evidence of hardship subsequent to the student's immediate enrollment in school. The assigned Pupil Personnel Worker will meet with the parent and/or caregiver to complete the appropriate enrollment forms.

1. **Informal Kinship Care** – A nonresident student whose parent(s) are residents of the state of Maryland and are currently experiencing a hardship may be eligible for Informal Kinship Care enrollment. The relative who is assuming kinship care responsibilities must be a resident of Howard County. Applicable tuition costs may be reimbursed by the Maryland school system of origin. The hardships considered under this provision are:
 - a. Death or serious illness of a parent or legal guardian.
 - b. Drug addiction of parent or legal guardian.
 - c. Incarceration of parent or legal guardian.
 - d. Abandonment.
 - e. Active military deployment.
2. The following procedures are required of the relative providing informal kinship care in order to complete and maintain an Informal Kinship Care Enrollment:
 - a. The relative will provide evidence of bona fide residence.

- b. The relative will verify the informal kinship care relationship through a sworn affidavit and provide documentation of hardship to the Office of Pupil Personnel upon request. A new affidavit and supporting documentation must be provided each year at least two weeks before the beginning of the school year.
 - c. The relative will notify the Office of Pupil Personnel, in writing, within 30 days of any change that occurs in the care of the student or in the serious family hardship of the student's parent.
 - d. The relative providing informal kinship care will make the full range of educational decisions for the student. The parent of the student in an informal kinship care relationship will have the final decision-making authority regarding the educational needs of the student.
 - e. The Office of Pupil Personnel may verify the facts given by the relative providing informal kinship care. If fraud or misrepresentation is discovered during an audit, the student will be withdrawn from the HCPSS. Any person who willfully makes a material misrepresentation in the affidavit will be subject to a penalty payable to the HCPSS for three times the pro rata share of tuition for the time the student fraudulently attends a HCPSS school.
3. Caregiver for Non-Maryland Resident Student – A nonresident student whose parents reside outside of the state of Maryland and are currently experiencing a hardship may be eligible for Caregiver for non-Maryland Resident Student status enrollment. The relative who is assuming caregiver status must be a resident of Howard County. The hardships considered under this provision are:
- a. Child abuse or neglect.
 - b. Death or serious illness of a parent or legal guardian.
 - c. Incarceration of parent or legal guardian.
 - d. Abandonment.
 - e. Active military deployment.

The same procedures for establishing and maintaining an Informal Kinship Care enrollment apply to Caregiver for Non-Maryland Resident Student Status enrollment (see section II.B.1. above).

C. Multiple Family Determination

Guest families residing with host families may establish residency through the completion of the Multiple Family Disclosure form.

1. Multiple Family Determination With Hosts Leasing a Property

- a. Guest families living with host families who are leasing a property must complete a Multiple Family Disclosure form at a meeting with the school's Pupil Personnel Worker. One member of both the guest and host family will attend. The host and guest must each bring photo identification for the purpose of notarization. The representative of the host family must be listed on the lease as a leaseholder.
- b. The host family will provide an original, current lease with all required signatures, along with a gas and electric bill, or water and sewer bill issued within the previous 45 days. If utilities are included in the rent payments, as stipulated in the rental agreement, a television service bill or bill for a landline telephone issued within the previous 45 days of registration may be substituted.
- c. Guest families will provide two proofs of residency within 14 days of enrollment, including but not limited to a pay stub, Post Office change of address label, credit card statement, tax statement, or bank statement. Any other official mail documents not listed are subject to approval by the assigned Pupil Personnel Worker.
- d. Guest families who are able to have their names and the names of their children added to the lease of the host family are considered occupants/tenants and are not required to complete a Multiple Family Disclosure form.

2. Multiple Family Determination With Hosts Owning A Property

- a. Guest families living with host families who own a home will complete a Multiple Family Disclosure form at a meeting with the school's Pupil Personnel Worker. One member of both the guest and host family must attend. The host and guest will each bring photo identification for the purpose of notarization. The representative of the host family must be listed on the deed as an owner.
- b. The host will provide a deed or a deed of trust that has all required signatures, along with any one of the following issued within the previous 45 days of registration: television service bill, bill for land line telephone, gas and electric bill, or current water and sewer bill. If a home was just purchased and no deed is available, signed settlement papers

may be submitted. Within 30 days of enrollment, the host must submit a deed or a deed of trust with all required signatures.

- c. Guests will provide two proofs of residency within 14 days, including but not limited to a pay stub, Post Office change of address label, credit card statement, tax statement, or bank statement.

3. General Conditions of Multiple Family Determination

- a. All guest families will provide updated proofs of residency annually for as long as the multiple family living situation continues. Failure to provide updated proofs of residency will result in the students of the guest family being withdrawn from school.
- b. Multiple family enrollments are subject to investigation at any time. A finding that falsified information was used to establish a multiple family enrollment will result in the student(s) of the guest family being withdrawn from school. Tuition will be charged from the first date of entry to the date of withdrawal.
- c. Decisions to withdraw students based on false claims of multiple family enrollment may be appealed to the Superintendent/Designee within 10 school days of the notification of withdrawal.

D. Homelessness

A student who is homeless will be enrolled by a Pupil Personnel Worker (see Policy 9300 Homeless Children and Youth).

E. Foster Care

A student in a foster care placement will be enrolled by a Pupil Personnel Worker.

III. Additional Considerations for Enrollment in Prekindergarten, Kindergarten, and First Grade

A. Prekindergarten

Prekindergarten is provided to any child who meets first priority criteria and whose parents seek enrollment. When space allows, as determined by the Superintendent/Designee per countywide enrollment projections, additional children who meet second priority criteria may be enrolled.

1. First priority category includes students who are either:
 - a. Income eligible.

- b. Homeless.
 - c. In foster care.
 2. Second priority category includes students who are either:
 - a. English Language Learners.
 - b. Have health concerns.

4. The request for delay or withdrawal will be approved or denied in writing within five (5) working days from the date of its receipt.

D. Early Admission

Children whose birth dates miss the established deadline for school attendance may have educational needs or demonstrated capabilities that warrant early admission to prekindergarten, kindergarten or first grade. Eligible students may have to wait for placement, which is dependent upon available space at the start of the school year.
 - f. Families who move into Howard County from another state after the application window may apply for early admission to prekindergarten using the above procedures up until the end of the business day one week prior to the start of the school year.
 - g. Students granted early admission to prekindergarten may be considered for promotion to kindergarten after successful completion of prekindergarten.

- D. Parents may appeal decisions of the Superintendent/ Designee to the Board.

V. Student Reassignment Initiated by Parents Under Standard L. (Open School Designation)

All schools will have designated school attendance areas determined by the Board. Students attending public schools in Howard County are initially assigned by the Board to schools serving the school attendance area in which their parents have bona fide residence. Students are required to attend the schools to which they are assigned unless a special exception is made. In the event that the Board identifies schools that are open to enrollment by students not living in the school's attendance area, student reassignment may be initiated by parents in accordance with the following procedures:

- A. Parents requesting reassignment to an open school will submit the form, Request for Student Reassignment, during a designated period, to the Superintendent/Designee.

- B. In any school(s) where there are more applicants than openings, a lottery will be conducted.

 - 2. A timeline will be established which includes: announcement of the lottery, the lottery registration window, the date on which the lottery will be held, and deadlines for selected students to exercise their options.
 - 3. Each student's name will be given a number. The affected parents and students will be invited to attend an open meeting at which the lottery is held. Numbers will be drawn to fill the available slots in the open enrollment school. Additional numbers will be drawn to establish a list of alternates.
 - 4. In the event that students selected by the lottery do not exercise their option by the established lottery deadline, alternates will be extended the option in the order drawn until a given deadline or until the number of available slots is filled, whichever comes first.
- C. If no lottery is necessary, the Superintendent/Designee will approve or deny the request.
- D. Students reassigned under this provision will be ineligible for participation in interscholastic athletics for a period of one year, effective the day of transfer.
- E. Students reassigned under this provision must provide their own transportation.
