Participant Expectations

Policy 1000 sets clear expectations for civil behavior that support a **SAFE, ENGAGING** and **SUPPORTIVE ENVIRONMENT** on school property and at school-related activities.

- ▶ Begin/end on time.
- ▶ Ensure equity of voice.
- ▶ Respect difference of opinions.
- ▶ Listen with an open mind.
- ▶ All ideas are valid and should be heard.
- ▶ Be willing to support a team consensus by looking at both sides of an issue.

Scenario Testing

- Review draft scenarios from small working groups
- Review feedback generated in plan exchange
- Identify draft plan improvements

Draft Plan Exchange

When reviewing another group's plan...

What can we learn from their work that may inform our plan?

- Can you tell what their goals and priorities are? How do they relate to your groups goals and priorities?
- How did they address things that were a challenge for your group to address?
- Look for differences- did their approach to a particular situation result in better util., feeds, demographics...?
- Do you notice anything about their map that you want to check into with your group?

Can we leave this group any constructive feedback or questions to help them with challenging areas?
