The staff, students, and parents of Waverly Elementary School are proud of our tradition of academic excellence, utilizing exemplary practices to ensure student success. We are pleased to have been selected to implement the Elementary School Model, offering specialized departmental teaching and daily Spanish instruction. This powerful model also focuses on staff and students' personal talents and strengths. We value the importance of developing a caring, nurturing environment in which our students will thrive. Our PBIS (Positive Behavioral Interventions and Supports) program holds high its mission: We are a diverse learning community of students, staff and families committed to...Being respectful to others...Being responsible for our actions and our work... Including everyone...and Practicing safe behaviors.

Our strong partnership with parents contributes greatly to the success of our students. We are deeply enriched by the level of community involvement at Waverly. Our PTA boasts 460 members, and actively supports many of our programs in both the related arts and academic areas of the curriculum.

We are pleased to be a Professional Development School in partnership with Towson University. Our PDS promotes learning and enhances the instructional climate of our school, while supporting the professional growth of our teaching staff and the development of teaching interns from the University.
