

Mount View Middle School

PROFILE

2017-18

12101 Woodford Drive • Marriottsville, MD 21104 • 410-313-5545 • mvms.hcps.org

MVMS is committed to academic excellence. Our rigorous instructional program engages students through relevant, real world classroom experiences. The instruction is designed to provide students a thorough grounding in essential knowledge and skills that will give them a leading edge in tomorrow's global environment.

The goal for a safe and innovative environment integrates teaching and learning with technology tools and Common Core curriculum. Our students share an important voice in school decisions.

The talents of all our students are showcased through curricular activities such as chorus, chamber choir, band, jazz band, orchestra, TV studio production, as well as GT Seminars and World Language. After-school activities such as science bowl, academic bee, geography bee, coding clubs, drama productions, community outreach, green team, and performance ensembles serve to compliment these curricular programs.

As a school community, Mount View Middle values students, staff, and parents who are working together to achieve our individual best and our collective excellence. We continue to embrace bold steps to promote positive school improvement. It takes a holistic view encompassing all of these elements to achieve success. We strive to be a world-class school that works every day to leverage talent, energy, and creativity.

Allen Cosentino, Principal
Kim Hess, Assistant Principal
