Rockburn Elementary School is located at the entrance to Rockburn Park on Montgomery Road in Elkridge. Since opening in 1993, the Rockburn school community has strived to make a positive difference for all children and their families. Collaboration, cooperation, caring, and positive learning choices describe our core values today.

Rockburn serves as a Professional Development School for students studying Early Childhood Education at Towson University. Student interns work with teacher mentors as they begin their journey as professionals. Our Professional Development liaison provides on-going opportunities throughout the year for all staff and interns in a variety of areas such as technology, curriculum and behavior.

Our Parent Teacher Association is strong and supportive. Parent volunteers serve in a variety of capacities throughout the school. The PTA meets monthly to plan events for students, staff, and families. At Rockburn, we value active parent involvement.

Our students are expected to follow the Rockburn R's- Respectful, Responsible, and Ready. As a PBIS school, we focus on Positive Behavioral Interventions and Supports to assist all students to meet with success. Our motto is: At Rockburn, all students succeed!

Talented, caring professionals describe our staff members who are willing to go the extra mile to make a positive difference for students. They lead by example and work hard to get to know each student and their individual needs and interests. Learning to care for our self and for each other is an important aspect of our community at Rockburn.

Rockburn is a safe place where all are welcome. Our focus is on good citizenship, growing and learning in order to be prepared for a positive future. It is our hope that each student will be prepared to be college or career ready.

Staff, students, and parents working together make Rockburn a great place to learn and grow.
