Stevens Forest's administration and staff are committed to providing a rich and rigorous education for our children. It is equally important that our students feel safe and comfortable at school. Stevens Forest is one of the smallest schools in the Howard County Public School System. We pride ourselves on being a true community school. Nearly 100% of our students are walkers. As a result, our staff has built a strong bond with parents and community members because of how frequently we see one another during arrival, dismissal, and school related events. We place a premium on partnering with parents and our community members to make our school the very best place for learning. We encourage parents to volunteer and to be active members of our school community. Teaming with parents and the community allows us to further enrich our children's experiences.

Our staff maintains high expectations for each and every student. We truly expect great things from our children and provide them with the necessary supports to be successful. Our goal is to build strong foundational skills so that our children will be college and career ready.

Additionally, our children have opportunities to become involved in many extracurricular activities and programs at Stevens Forest. We provide a wide variety of experiences to showcase and develop our children's talents beyond the classroom. Over the years, our children have engaged in numerous activities including dance, martial arts, science exploration, drama, and foreign language classes. SFES partners with our PTA to bring great extracurricular programs to our children.

Our dedicated staff and great community strive to ensure Success For Every Student!
