# Board of Education of Howard County Meeting Agenda Item 

TItLE: Advanced Placement Examinations - School Results_DATE: November 15, 2012

## Presenter(s):

$\qquad$

## Overview:

In 2012, HCPSS students took a total of 8,183 AP exams. Eighty-two percent of these exams were scored 3 or higher, and 56 percent were scored 4 or higher. HCPSS offers 30 AP courses and 32 exams in the subject areas of art, computer science, English, mathematics, music, science, social studies, and world languages.

Scores on AP examinations range from 1 to 5. Scores higher than 3 are considered good predictors of college success and may result in students being awarded college credit. See 2012 AP exam participation and performance by exam for each school attached. This document is a supplement to the 2012 Advanced Placement Participation and Performance Report presented October 18, 2012.

## RECOMMENDATION/FUTURE DIRECTION:

The HCPSS is making progress in preparing students for college-level work. School staff will continue efforts to identify students with AP potential and to further increase the participation and performance levels of students in all high schools.
