UNIT 1: Las carreras y mi vida futura

Overview. In this unit, students examine and evaluate guiding forces in making future career choices. Students start off by exploring attitudes towards schooling and education in Spanish-speaking countries, and compare and contrast with the United States. Then, students explore characteristics of their chosen career, such as education required, job market considerations, income, hours, location, etc. Students create a personal definition of what it means to be successful in their chosen field.

To gain practical, real-world experience, students apply for a mock internship with a company or organization with offices in a Spanish-speaking country in the area of interest they have chosen. Students gain practical and applicable knowledge through reading job postings, completing a job application, participating in a mock job interview, and writing a cover letter to a future employer.

Essential Questions:
● How do attitudes towards schooling and education differ in the US and Spanish-speaking countries?
● What factors influence a future career choice?
