- For the upcoming school year (2023-2024) HCPSS is requiring parents to answer whether their student will ride a bus to/from their school. This request will result in more efficient and agile transportation operations by providing the Office of Student Transportation accurate ridership data. Basic eligibility requirements are below, but please access [Policy 5200](#) for more information.
- Eligibility: Please note, parents with a student who has transportation provided as part of an IEP or 504 will NOT be affected as eligibility for special needs transportation is determined as part of a separate IEP/504 process.
- Students must attend their home school based on their residence. Students attending a school other than their home school are not eligible for bus service.
- Please note, income eligible pre-K students who attend an overflow site, and students marked as redistricting exempted will be offered bus service if requested.
- Please see the [HCPSS Transportation Home Page](#) for further information.

📧 **NOTA:** Si su estudiante no es elegible para recibir transporte, usted recibirá este mensaje:

This student resides in a non-transported area and is ineligible for bus service to Hammond Elementary School.

(Este estudiante reside en un área sin transporte y no es elegible para recibir servicio de autobús a la Escuela Primaria Hammond.)
