

February 2024

Learning Together Program Process Guidelines:

We are pleased that you are interested in having your child participate in the HCPSS Learning Together Program (LTP). This program provides a developmentally appropriate educational program for children with disabilities and typically developing children. The Learning Together Program is included in the Regional Early Childhood Centers (RECC) classes located within elementary schools.

At this time, HCPSS is accepting applications for three-year old slots only for the 2024-25 school year. In alignment with *Maryland's Blueprint for the Future*, HCPSS will have EXTREMELY LIMITED SLOTS for LEARNING TOGETHER PEERS who will be 4 as of September 1, 2024. HCPSS also offers a free, prekindergarten option for children who meet income eligibility and will be four years old by September 1. For more information about PreK, please go to: <https://www.hcpss.org/schools/pre-k-programs/> or contact front office staff at your local elementary school.

Locations of RECC classrooms for the upcoming school year are contingent on the finalized FY24 budget and will be confirmed prior to June 15. Locations with available LTP programs will vary each year. The LTP application process is based on your home address and assigned home school. To confirm your child's home school based on your address, please visit [School Locator](#) on hcpss.org. Once you have identified your child's home school, please use the chart below to determine where to turn in your application.

Starting mid February, LTP applications will be available in the front office of the RECC locations listed below or [online](#). All completed applications MUST be submitted to the front office of the school location identified in the chart below. If you are open to your child attending at any location, **please indicate this on your child's application before submitting it to the school location identified in the chart below by your home school.**

For the upcoming school year, you will be completing only one application for your child which will allow you to apply to multiple schools. This process will also allow families to select which schools may work for your family's needs. If you need assistance completing or printing the application, please contact Early Intervention Services at 410-313-7017 or by email at LTPprogram@hcpss.org.

HCPSS is committed to providing instruction based on the statewide Early Learning Standards which are in alignment with Kindergarten Readiness. The fees listed in the application will be collected monthly regardless of the learning model determined throughout the upcoming school year (virtual, hybrid, or in person). The first month's fees are due to your school's front office prior to the start of the school year.

If you have any questions about the Learning Together Program or process, please contact Early Intervention Services at 410-313-7017 or by email at LTPprogram@hcpss.org.

Again thank you for your interest in our HCPSS Learning Together Program. We look forward to working with you and your child as he/she prepares for kindergarten and beyond.
