Built in 2018, Hanover Hills Elementary is located in Hanover, Maryland. As a school, we recognize that building young learners begins with dedicated staff, strong leadership and engaged students. At Hanover Hills, we teach our students every day to exhibit B.A.R.K characteristics, by being Bold, Ambitious, Respectful and Kind.

The Howard County Public School System’s Strategic Call to Action recognizes “The Fierce Urgency of Now.” The staff of Hanover Hills is fully invested in the vision and mission of our school system. As a school, we consistently embrace the diversity of our students and staff by recognizing the skills and knowledge they possess, as well as their ability to positively impact not only our school community, but the greater community as a whole.

At Hanover Hills, we provide our students with a safe and inclusive learning environment that values and respects the gifts of each individual child. We value the importance of not only academic learning and achievement, but also social-emotional wellness. Our devoted staff members are committed to helping each student reach their full potential. In order to help achieve this, we begin each day with a “Morning Meeting” that embraces the positive impact of community circles.

We also believe in collaborative team planning and know that it is instrumental in providing differentiated instruction for our students. Our Reading and Math Support Teachers assist with planning, as well as help our teachers implement lessons that incorporate the latest instructional strategies.

At Hanover Hills, we truly value a strong home-to-school connection. Building relationships is the foundation to empowering our students. We value and welcome input from our families, as well as our dedicated PTA. As we continue to grow, we are proud of the progress of all of our students, as well as the commitment to learning shown by our staff and families.
