The staff, students, and families of Phelps Luck Elementary School are proud of the tradition of excellence and caring that is in place at our school. The partnership between home and school allows us to meet the challenge of helping students meet success.

Staff members are committed to providing targeted and meaningful instruction that addresses the individual needs of our students. Collaborative planning and frequent review of student data are key factors in providing differentiated instruction for students. Our Reading and Math Support Teachers assist teachers in implementing lessons that align with the Common Core standards. Academic interventions, focusing on accelerating and/or extending student learning, are provided during and after school hours. We are committed to fostering an environment that is conducive to teaching and learning. Our school behavior plan celebrates student accomplishments and teaches students to respect themselves, others, and property.

Our efforts to support our students are further enhanced through the following:
- Full Day Pre-kindergarten is offered to eligible families.
- TeleHealth is utilized to support site-based acute care for students through a partnership between HCPSS, Howard County Health Department, community pediatricians, and Howard County General Hospital.

Phelps Luck is proud of our strong and active PTA. Parents are encouraged to volunteer and consistently participate in their child’s education. The commitment demonstrated by our staff, students, and supportive community enhances the school experience for all.
