Running Brook Elementary School's motto is “We Are Running Brook.” Every member of our school community plays a vital role in the success of Running Brook. Our staff of committed, caring teachers and support personnel strives to meet each child’s individual needs and unique abilities. We feel that our vision, mission and motto align perfectly with the school system’s Strategic Call to Action. The staff of Running Brook Elementary is fully invested in Learning and Leading with Equity. Some of our innovative academic components that focus on the whole child and prepare our children for college and careers include:

- Expanded Pre-Kindergarten: full-day preschool prepares all eligible children with social and academic skills they need for kindergarten and later in life.
- The Bridges Over Wilde Lake: academic and enrichment programs offered to students after school from October through May.

Running Brook receives technical and material support to improve the academic skills of our students and continue to explore science, technology, engineering, and math (STEM). Our reading and math support teacher help classroom teachers develop instructional strategies based upon student needs. Additional teachers allow small group instruction in reading and math, and we offer a technology curriculum designed to infuse content knowledge with computer skills and enhance our students’ college and career readiness.

RBES staff and students are committed to educational excellence and life-long learning in a positive school environment where quality teaching and successful learning are prized and supported. Our staff takes pride in knowing each student as a learner and instilling in all children a love of learning. Our diversity is one of our biggest strengths and we continually work to provide a culturally inclusive environment for all. There is truly a “Running Brook Way” that is distinct from that of other schools, and we are proud to have a school community that believes in the motto, “We Are Running Brook”!

**Fast Facts**
