Thunder Hill Elementary School has provided a supportive and challenging educational environment for students since 1970. Our school community is diverse, and we value the qualities that each of our families bring to our school culture. The commitment of our dedicated staff and the tireless efforts of our parents have combined to create a school environment that encourages excellence and focuses on success for all students.

We continue to focus on initiatives and instructional practices that will excite and engage all of our students. We continue with the implementation of the College and Career Readiness Standards. We are working to provide the rigor necessary in our day-to-day instruction to allow students to reach their full potential. In addition, our students have many experiences with the integration of the arts into their daily instruction especially in combination with the STEAM (Science, Technology, Engineering, Arts, and Mathematics) areas. We bring all of these areas together with our annual STEAM Day. We continually strive to provide the structure and resources necessary to ensure that our students will be college or career ready with the foundations for future learning.

The school community at Thunder Hill is dedicated to ensuring the best educational experience for all students. We are “Thunder Hill Proud.”
