Marriotts Ridge High School is a comprehensive high school that has established a reputation of academic excellence and become one of the highest performing high schools in Maryland. Nestled in a rural and suburban community along the Baltimore-Washington corridor, Marriotts Ridge draws students from varied neighborhoods who bring diverse interests to the school. To meet the needs and interests of all students, MRHS offers many special programs. Students and staff work together to create an environment that is built on the core values of academic achievement, honesty, integrity, and personal responsibility. The exceptional staff at Marriotts Ridge teach a wide variety of core courses and electives in English, mathematics, physical education, science, social studies, technology education and world languages. These courses offer opportunities for students to engage in problem-solving skills and career preparation. Student participation and performance on the High School Assessments, SAT, ACT and Advanced Placement tests place Marriotts Ridge among the highest in the state. Teachers, students and parents work together to create a safe and nurturing environment in which all students can reach their potential. Parents are involved in their child’s learning and support the school in groups such as the PTSA, Music Foundation, Boosters, Korean Parent Organization, Chinese Parent Organization, Indian Parent Organization, and The Black Student Union (BSU).

In addition to the academic curriculum, MRHS provides many co-curricular and extracurricular activities, including its award-winning art, band, choir, dance and drama programs, Student Government Association, Class Boards and Leadership Council, It's Academic, Math Team, World Language Clubs, Honor Societies and much more.

Marriotts Ridge High School wants 100% of students to graduate with access to their post-secondary plans. The Mustang 100 survey is a tool used to ensure that every student has a trusted adult in the building, is engaged in an extracurricular activity, and has a plan for after graduation. Data from the Mustang 100 survey is used to drive targeted interventions toward the success and well-being of all students.
## Achievement Data

### MRHS Performance on State Tests*

<table>
<thead>
<tr>
