

Mayfield Woods Middle School

PROFILE

7950 Red Barn Way • Elkridge, MD 21075 • 410-313-5022 • mwms.hcpss.org/

Mayfield Woods is a vibrant learning community that prepares students to thrive in a diverse and dynamic world. We are proud of our tradition of academic excellence and family involvement, and each day we strive to prepare our students for the changing world that awaits them.

We are committed to ensuring that every student meets rigorous performance standards in a caring atmosphere where students can respect, learn about and appreciate the differences of others. As #onemayfield who values diversity, unity and community, we are aligned to the HCPSS Strategic Call to Action: Learning and Leading with Equity.

Mayfield Woods Middle School provides a rigorous course of study while offering enrichment opportunities for all students. We take pride in integrating technology, creativity and critical thinking in each class. In addition, we strive to give students opportunities to learn and grow beyond the walls of their classrooms through our various instructional seminars, clubs and afterschool programs.

Our talented staff is devoted to our students' academic success while developing strong relationships with students, their families and the community. Active community relationships and parent involvement strengthen the overall middle school experience for our children and we value the collaborative nature of our community.

Mayfield Woods Middle School's successes are based on the contributions of students who value education and are interested in learning, professional educators who are caring and dedicated, and parents who are committed to promoting education as a significant part of our community. Working together prepares our students to successfully meet the challenges of the future, and we are proud and honored to be a partner in your child's education.
