

Oakland Mills Middle School

PROFILE

9540 Kilimanjaro Road • Columbia, MD 21045 • 410-313-6937 • omms.hcps.org/

Established in 1972, Oakland Mills Middle School is located in the heart of a caring, strong and diverse community. Our vision parallels the Howard County Public School System's Vision as we embrace diversity and ensure the academic successes and social-emotional well being of each of our students.

We are proud of our staff, students and community. Students work hard to meet and exceed curricular expectations. Staff members create rigorous and engaging lessons and work in collaborative communities to increase their skills and to inform their professional practices. Students participate in the arts, take field trips and enjoy grant-funded activities in science and math. Our music students continue to receive honors and awards, across the nation, at adjudicated events! After-school programs are offered in addition to our academic programming. These programs include the arts, athletics, and many other activities. We are committed to ensuring that Oakland Mills Middle School is a fantastic school for each and every child.

For the past ten years, the school has earned Exemplary level recognition for our Positive Behavioral Interventions and Supports Program from MSDE. We celebrate a different theme each quarter: Respect, Responsibility, and Being Ready, and we recognize students daily with Positive Office Referrals! Oakland Mills Middle school believes in the power of community; staff and students work hard to develop and maintain strong, positive relationships and to identify ways to support and serve within the school and larger community. Many students in each grade also participate in student leadership opportunities and regularly provide insight and feedback to administration. Oakland Mills Middle School prides itself on a spirit of community and an emphasis on using our strengths for service.
