Since opening its doors in 1969, Patapsco Middle School has maintained a tradition of high academic standards, positive school climate, and a strong collaborative relationship among the students, staff, families, and community. Patapsco Middle School staff members strive to create a positive school environment where each student has the opportunity for academic success with an emphasis on social, emotional well-being and development.

At Patapsco Middle, staff members recognize the uniqueness of middle school-aged students and challenge them to think creatively and critically as they grow as learners and people. Staff also encourage responsible decision-making, respect for self and others, and resilience for all Patapsco students.

The staff of Patapsco Middle understand the importance of a rigorous and relevant educational program that meets the needs of all students. Patapsco’s comprehensive academic program is accompanied by many enriching opportunities, both within the school day as well as beyond normal school hours. The school offers a wide range of services, intramurals, clubs, and special programs designed specifically to meet the needs and interests of Patapsco’s diverse student population.

Patapsco Middle School welcomes visitors and encourages the community to partner with them to ensure the success of all students. Patapsco is full of amazing people: students, staff, families, and community members. It is a school where everyone is valued and important!
